SUMMARY

BSCS student and MERN Stack Developer with hands-on experience in building full-stack web applications using React.js, Node.js, Express, and MongoDB. Ability to explain technical concepts through 3 months of web development teaching experience. Looking for an entry-level or junior Software Developer or Web Development Internship or job role to contribute clean code and learn from experienced engineering teams.

EXPERIENCE

Learnify Academy | MERN Stack Instructor (3 Months)

- Guided learners in building functional web applications, debugging code, and implementing responsive UI design.

PROJECTS

Todo App (Vanilla JS)

- Created an interactive task management application with real-time add, delete, and completion tracking features.

Github Repo

QR Code Generator (Next.js)

- Developed a lightweight web app using Next.js and Tailwind CSS to instantly generate dynamic QR codes.

Github Repo

Mini Social Media App (MERN Stack)

- Built a full-stack social platform using MERN stack with JWT authentication.
- Implemented post uploading, feeds, and like posts

Github Repo
